Directorate of Planning, Statistics & Evaluation

Notification

DPSE/III/PB-NMV/GF/2013(Part)/4522

The following scheme to be implemented on as pilot basis approved by the Government is published for the general information of the public.

Pilot Scheme: Subsidy for supply of locally grown green fodder

1. *Introduction.*— The major constraint in the field of dairy development in the State is

the lack of green fodder for the milch animals. The nutritive value of feed and fodder has a significant bearing on productivity of livestock. It is found that if green fodder is not fed in required quantity to a calf, it leads to more chances of infertility. Also it is a scientifically established fact that regular feeding of green fodder helps in increasing the milk yield. Feeding an animal with dry paddy straw or other similar food is not enough to ensure health and productivity of the cattle. Green fodder is essential for the balanced diet of Milch animals.

2. *Objective.*— The objective of the scheme is to provide green fodder at a subsidized rate to dairy farmers and thereby increase the quality/quantity of milk. Based on the success of this scheme, the Government may implement it as a regular scheme & also implement it in other areas of the State.

3. *Eligibility.*— Since, it is a pilot scheme; it is available to the dairy farmers within the jurisdiction of Neturlim Village Panchayat who can avail benefit under this scheme.

5. *Procurement.*— The green fodder produced by the cultivators would be procured by the Neturlim Dairy Society @ Rs. 2/- per kg. and sold out to dairy farmers at a subsidized rate of Rs. 1/- per kg.

6. *Pattern of assistance.*— The subsidy @ Rs. 1/- per kg. to the green fodder cultivators, whose fodder is procured by the Neturlim Dairy Society.

7. *Interpretation and relaxation.*— (1) The Director of Planning, Statistics & Evaluation shall be the final authority concerning the interpretation of this scheme.

(2) The Government may relax any of the provision of this scheme.
